Using Return on Investment to Increase Opportunities for Competitive, Integrated Employment for Students and Youth with Disabilities

What is the level of evidence?

This practice was identified by Rehabilitation Research & Training Center for Evidence-Based Practice in Vocational Rehabilitation (RRTC-EBP VR), and has been labeled by NTACT as a Promising Practice. More information on NTACT’s process for identifying effective practices is available here: NTACT’s Effective Practices.

What is the practice?

Having the capacity to report on the return on investment for specific initiatives or services to state policy makers is beneficial to program sustainability. Marketing the benefits of services in measurable terms to both internal and external stakeholders can benefit the stability and expansion of agency programming over time.
