Using Working Alliance or Client-Centered Services to Increase Opportunities for Competitive, Integrated Employment for Students and Youth with Disabilities

What is the level of evidence?

This practice was identified by Rehabilitation Research & Training Center for Evidence-Based Practice in Vocational Rehabilitation (RRTC -EBP VR), and has been labeled by NTACT as a Promising Practice. More information on NTACT’s process for identifying effective practices is available here: NTACT’s Effective Practices.

What is the practice?

This practice was used as a proxy for a program focused on professionalism in rehabilitation counseling services. The practice focuses on the counselor serving primarily as a counselor, rather than a case manager and employing an holistic view of clients. Consumer self-actualization is viewed as equally important as employment for case outcome.
